To whomsoever it may concern

Dr. Zubin M. -Vaid is working currently as a lecturer in my unit in the Medicine Department. I have observed him closely since 19.04.01 and am more than satisfied with his work. He is competent, hard working, dedicated, honest and conscientious. He has a very good clinical judgment and is skillful in bedside procedures. I have been able to rely on him fully for patient care in my absence.

He has taken a lot of interest in our HIV clinics and has gained a reasonable expertise in the subject with many conference presentations to his credit.

Dr. Zubin is also a very amicable person and shares a good relationship with his fellow colleagues. He has also earned himself popularity among the undergraduate and postgraduate students.

He will be an asset to any institution he joins.

A.P.
